Description

Journey to a distant future, where the land is made of LEGO bricks and lush nature has reclaimed the Earth. Meet the Nora tribe who live in the settlement of Mother’s Heart, and catch your first glimpse of the incredible dinosaur-like machines that roam the forests, mountains, and deserts that stretch beyond the village walls... Features & details Explore the much-loved world of Horizon and come face-to-face with the game’s awe-inspiring machines – all faithfully recreated in LEGO bricks. Experience thrilling online and couch co-op action with friends and family (Online play may require a paid online subscription). Enjoy an exciting mix of action, exploration, customization, and laugh-out-loud LEGO humour. Engage in explosive combat with spectacular weapons, power-ups, and gadgets. Soak up stunning cinematic visuals, built with life-like LEGO bricks.
