Unit price	$38.00
Available quantity	100

Description

Gamer microphone from the Havit brand, model GK50 Pro, one of the most renowned brands in gaming, The difference between this Pro model and the normal model is the articulated arm with table side adjustment instead of the support on the table. Perfect for recording, streaming, podcasting and gaming, This model connects via USB cable and is Plug and Play, meaning you just need to connect it to your device and start using it.This microphone is of the Condenser type, that is, it captures sound through the vibration of the diaphragm and is more sensitive to sound. The cardoid microphone provides clear connections and communication and includes a Pop Filter that, in addition to influencing the quality of the recording, helps the microphone's durability. It has mute control on it, just tap the top in the indicated place to mute or unmute the microphone, the RGB lighting will indicate whether the mic is on or off. You can control the pickup volume directly through the mic, at the bottom, just turn the piece to increase or decrease the microphone pickup, The support comes with the microphone and can be adjusted according to your needs, It has a long cable measuring 2 meters in length, which will provide you with more mobility and comfort. Includes instruction manual in English for installing the microphone on Mac, Windows and pickup software.
