Description

On Hong Kong Island, where dreams become reality, Radiant has created new standards of luxury. This little-known but highly influential organisation has invited its members to compete in an extraordinary competition: the Solar Crown. Few know what the group's motives are, but it's clear what they value: prestige, a love of cars, and competition. In Test Drive Unlimited Solar Crown, you get to live a unique lifestyle and social life never seen before in a video game! This brand-new game in the Test Drive Unlimited series retains the DNA of previous games while introducing a contemporary vision of the multiplayer racing genre. Freely explore the island or take part in the hottest competitions on Hong Kong Island. Live the lavish lifestyle you have always dreamed of and drive the most beautiful cars. Test Drive Unlimited Solar Crown features the most eye-catching cars from a range of manufacturers, including the most prestigious: Ferrari, Lamborghini, Bugatti, Koenigsegg, Dodge, Apollo and many others. However, you'll need to work hard to earn the privilege of acquiring one! These luxury cars are not just a means of getting from A to B. They represent your ambition and reward your dedication. They make you proud. Remember: your cars reflect who you really are. The customisation and style possibilities are not just limited to your cars. Whether you belong to clan Sharp or clan Street, cultivate your style to impress others, stand out from the crowd and defend your clan. On a Hong Kong Island recreated at 1:1 scale, with over 600km (375 miles) of roads through dense and varied terrain, the best drivers will battle for the ultimate prize: becoming the next winner of the Solar Crown and gaining the respect and recognition of their clan.
