Description

Solve platforming puzzles to get them back. Run, jump, and backflip your way to rescuing the stolen Mini-Mario toys in this puzzling twist on Mario action. Put your brain to work and figure out the best way to reach the Mini-Marios! You’ll have to master Color Switches, Warp Boxes, and more as the difficulty ramps up across more than 130 levels, including challenging Plus and Expert levels. The newly-added Casual Style removes time limits and adds checkpoints so you can relax and think. Bring a friend along in multiplayer! You can bring a friend along in the newly-added Two-Player Mode, which adds an extra objective for Mario and Toad to take on together! A rivalry reignites with updated visuals, new levels, and more ways to play! Not only do you get new ways to play with Casual Style and Two-Player Mode, you also get two brand new worlds: Merry Mini-Land and Slippery Summit! That’s two new worlds, each with eight levels (and even more Plus levels), featuring new environments, enemies, and mechanics. When you finish with those, you can test your skills in a newly-added Time Attack mode that will push your puzzle-platforming speed to the limit!
