Now you can also ride motorbikes and ATVs, each with their own unique racing style to take on every track in the most strategic way! A brand-new system will define the vehicles' category, which can be upgraded with the dedicated skill tree that will directly affect their performance. Watch your car become unstoppable! NEW PLACES TO CALL HOME - Whether it's the backyard of a house in the suburbs or a mini-golf course in a village in the Wild West, your tracks will be surrounded by the most stunning environments!
