The ultranationalist war criminal Vladimir Makarov is extending his grasp across the world causing Task Force 141 to fight like never before. Combat means making choices — different loadouts, different paths through the mission. In addition to the signature, cinematic Call of Duty® campaign missions, Modern Warfare® III introduces open combat missions that provide more player choice. There is no one-size-fits-all solution – it is your choice whether to take the stealthy approach or go loud taking on any and all foes.
