Description

Dominate on a different scale with the Razer Huntsman Mini—a 60% gaming keyboard with cutting-edge Razer Optical Switches. Highly portable and ideal for streamlined setups, it’s time to experience lightning-fast actuation in our most compact form factor yet. With Clicky or Linear Switch Options Features & details Faster Than Traditional Mechanical Switches: Razer Linear Optical switch technology uses optical beam-based actuation, registering key presses at the speed of light (15-30% shorter actuation distance than other linear switches at 1.0 mm) Ultimate Personalization & Gaming Immersion with Razer Chroma: Fully syncs with popular games, Razer hardware, Philips Hue, and gear from 30 plus partners; supports 16.8 million colors on individually backlit keys Quality, Aluminum Construction: Covered with a matte, aluminum top frame for increased structural integrity Oil-Resistant Doubleshot PBT Keycaps: Made of textured, high-grade PBT for a more durable and textured finish less prone to long-term grime buildup Fully Programmable Macros: Razer Hypershift allows for all keys and keypress combinations to be remapped to execute complex commands
