Description

Logitech Wireless Mouse M170 Highlights Reliable 2.4Ghz wireless connection 10 meter/33 feet wireless range 12 month battery life* Plug-and-play wireless receiver included Works with Windows, Mac and Chrome OS Stay productive with uninterrupted wireless. Enjoy the convenience of a wireless mouse that gives you a connection as reliable as a corded mouse. With Logitech advanced wireless, M170 is the amazingly affordable mouse that helps you get work done without annoying wireless delays or dropouts. Just plug the tiny wireless receiver into a USB port and go. *Battery life may vary based on user and computing conditions. Advanced 2.4Ghz wireless Say goodbye to cords with a wireless connection so powerful, it even works up to 10 meters (33 ft.) away from your computer. 12 month battery life* Go for a year without battery changes with a single AA battery. Conserve power and maximize battery life with a flip of the On/Off switch. *Battery life may vary based on user and computing conditions Plug-and-forget wireless receiver Setup is a snap — no pairing hassles or software installation. Just plug the small receiver into a USB slot once and forget about it. The mouse automatically connects to your computer, so it’s always ready to go to work. Universal compatibility M170 works straight out of the box with Windows, Mac or Chrome OS. And it comes with all the dependability and performance you expect from Logitech, the world leader in mice. Compatibility System Requirements Windows10 or later, Windows 8, Windows 7 Mac OS X 10.8 or later Chrome OS USB port What’s in the box Wireless Mouse. USB receiver. 1 AA battery. User documentation.
