SKU	gs-42098963841246
Brand	Sony
Category	Video Games
Minimum order quantity	1
Unit	—
Unit price	$15.00
Available quantity	100

Description

Connect your PlayStation VR to your PS5 console to enjoy supported PS VR games. To set up your PS VR with your PS5 console, you’ll need your PlayStation Camera for PS4 and a PlayStation Camera adaptor. The PlayStation Camera adaptor is used to connect the PlayStation Camera (sold for the PlayStation 4 console) to a PlayStation 5 console. This allows the use of PlayStation VR when playing supported PS4 games on a PS5 console, including games that require PlayStation Move or PlayStation VR aim controllers. Please note: The new HD camera for PS5 is not compatible with PS VR. You will need to use the PS Camera (for PS4) with this PlayStation Camera adaptor.
