Description

Release Date: 14/09/2021 DEATHLOOP is a next-gen first person shooter from Arkane Lyon, the award-winning studio behind Dishonored. In DEATHLOOP, two rival assassins are trapped in a mysterious timeloop on the island of Blackreef, doomed to repeat the same day for eternity. As Colt, the only chance for escape is to end the cycle by assassinating eight key targets before the day resets. Learn from each cycle - try new paths, gather intel, and find new weapons and abilities. Do whatever it takes to break the loop. Features DEATHLOOP DEATHLOOP is built for a new generation, leveraging the PlayStation 5's hardware and graphics to bring Arkane’s unique artistic vision to life like never before. In each loop you’ll discover new secrets, gather intel on your targets as well as the island of Blackreef, and expand your arsenal. Use the knowledge you gain from each attempt to change up your playstyle, stealthily sneaking through levels or barreling into the fight, guns-blazing. SINGLE PLAYER GAMEPLAY INJECTED WITH DEADLY MULTIPLAYER You’ll experience DEATHLOOP’s main story as Colt, hunting down targets across the island of Blackreef to break the loop and earn your freedom. All the while, you’ll be hunted by your rival Julianna, who can be controlled by another player. THE ISLAND OF BLACKREEF DEATHLOOP will present a stunning, retro-future 60s-inspired environment, that feels like a character within itself. While Blackreef may be a stylish wonderland, for Colt it is his prison.
