Description

Release Date: 10/06/2021 Revisit a classic with a brand-new episode with Yuffie as the main character in Final Fantasy VII Remake Intergrade for PlayStation 5. Choose from 2 game modes to prioritise 4K resolution or 60fps performance as you dive into the new story arc with numerous gameplay and combat additions. DualSense haptic feedback adds a new layer of immersion to the adventure. Final Fantasy VII Remake Intergrade includes both the Remake and the new episode featuring Yuffie Play as Yuffie in a brand-new episode as she conspires with Avalanche HQ to infiltrate the Shinra Electric Power Company Exhilarating new story arc and numerous gameplay and combat additions bring a new perspective to this PlayStation classic Revel in the improved textures, lighting, and background environments of the city of Midgar like never before Graphics Mode prioritises 4K high-resolution graphics while Performance Mode offers smooth action at 60 frames per second Fully customisable Photo Mode allows you to capture and share key moments from the game Haptic feedback integration on the DualSense controller unlocks a whole new level of immersion in your battles (controller sold separately)
