Description

The nightmare reawakens in Resident Evil Village for PlayStation 5. Picking up where the survival horror classic Resident Evil 7 biohazard left off, Ethan Winters and wife Mia are living a peaceful existence -- until tragedy strikes. Chris Redfield throws Ethan's world into chaos and he finds himself in a remote snow-capped village, with questions unanswered. The 8th major instalment in the Resident Evil series picks up where Resident Evil 7 biohazard left off Ethan and Mia Winters have been reunited, but their dream life soon becomes a new nightmare Next-generation console power harnesses the RE Engine for photorealistic graphics, creating the most realistic survival horror game to date First-person action puts you in the shoes of Ethan Winters as you encounter familiar faces and new foes Chris Redfield reappears, but has seemingly sinister motives New adversaries hunt Ethan and his every move in this living, breathing village that's more than a mysterious backdrop
