Description

Release Date: March 05, 2021 From 18 tonners to the gigaliner, on the road - truck Simulator offers everything a trucker's heart desires. In this realistic truck simulation, you have more than 6500 km of Motorway and country roads at your disposal - including numerous detailed Motorway interchanges. Get behind the steering wheel of a man tgx or Scania R series and discover more than 15 German cities like Hamburg, bremen, Cologne, Hannover, and Berlin, with unique road designs and sights. Additionally, numerous other points of interest are waiting to be discovered along your journey, as well. Thanks to the cooperation with man and Scania, the trucks behave very realistically - including automatic transmissions, retarder/intarder, and assistance systems. From compact box bodies to semi-trailers and even gigaliners, you'll have the right Cargo volume available for every delivery order. Thanks to the Steam Workshop support, you can paint every vehicle and trailer as you desire. On the road also features an economic system. Found your own company and hire drivers so you can accept more orders. Plan your routes as efficiently as possible, but keep an eye on the mandatory rest times as well. Features & details Licensed vehicles from Scania and man 6000 km of Motorway and 600 km of country road, to a scale of 1: 10, including numerous detailed models of Motorway interchanges 16 cities, some of them with unique road designs (E.G.
