Unit price	$110.00
Available quantity	100

Description

Cronus Zen™ is a breakthrough device founded on the rich legacy of CronusMAX™, universally recognized as the world’s definitive controller emulation and scripting technology. GAMING WITHOUT LIMITS Zen moves that legacy forward with a next-generation, state-of-the-art design, giving gamers the most powerful device emulation technology ever created, putting full control back in your hands. • Use almost any controller on any console • Supports Every Major Platform including Xbox/PlayStation/Nintendo Switch/PC • Digitally Mod your controller with 1000's of free scripts • Console Mouse & Keyboard conversion for amazing accuracy • World's first Crossover Headset Audio on PS4™/XB1™ controllers allows chat and game audio to pass through the controller's own headset jack • Racing Wheel conversion to PS4™ on Logitech™ and Fanatec™
