Description

Devil May Cry 5 is back, and now upgraded for next-generation consoles! Several years after the Order of the Sword incident, a new demonic threat has invaded our world. It's up to the legendary devil hunters Dante and Nero to stop it, with the newcomer V joining forces with them. These three men's fates are tied together in mysterious and surprising ways. In Devil May Cry 5 Special Edition, blistering speed meets impeccable control for an incredibly tight gameplay experience as you work your way through the thrilling story. This optimized version of the original release represents the pinnacle of stylish action and was recognized with numerous game awards! FEATURES: Blood Burns with a Blue Flame as Vergil Joins the Fight! Dante's twin brother and longtime rival Vergil is now available as a playable character. Take this new challenger through both the Vergil Mode and the challenging Bloody Palace! Powered up for the next-generation of gaming hardware. Fine-tune your experience with gorgeous and photorealistic lighting effects using ray-tracing, the highest resolution possible, or the smoothest framerates the series has ever offered. New gameplay modes made possible by the increased processing power: Turbo Mode ramps up the gameplay speed, and Legendary Dark Knight Mode, which throws more demons at you than ever before. Includes additional content released separately from the original version, including the contents of the Devil May Cry Deluxe Upgrade, the original pre-order exclusive EX Color costumes, and the Bloody Palace mode! Not enough? You'll also hear the action unfold around you with incredible 3D sound, and loading times go by in a blink to keep the thrills coming. All of this with even more intense new modes so you can push your style to the max.
