Description

Build a resistance made from anyone in the world to take back a near-future London that is facing its downfall. Recipient of over 65 E3 awards and nominations. FEATURES: Recruit and play as anyone from London. Everyone you see has a unique backstory, personality, and skill set for unique situations. Hack armed drones, deploy spider-bots, and take down enemies using an Augmented Reality Cloak. Explore a massive urban open world featuring London’s many iconic landmarks and fun side activities. Team up with your friends for new missions in Co-op mode, releasing as a free update post-launch. Upgrade to the Gold Edition or Ultimate Edition for access to the season pass and more!
