Available quantity	100

Description

Rayman, winner of multiple artistic and musical achievements, is coming to Nintendo Switch™ with Rayman Legends Definitive Edition. This definitive edition contains the acclaimed game Rayman® Legends – 92 on Metacritic for Wii U™ – as well as new exclusive features. Michel Ancel, celebrated creator of Rayman®, is bringing his innovative creativity to this new and exciting platform, making full use of the power of Switch and its Joy-Con™ controllers. Rayman, Globox, and the Teensies are off wandering through an enchanted forest when they discover a mysterious tent filled with a series of captivating paintings. As they look more closely, they notice each painting seems to tell the story of a mythical world. While focusing on a painting that shows a medieval land, they are suddenly sucked into the painting, entering the world, and the adventure begins. The gang must run, jump, and fight their way through each world to save the day and discover the secrets of every legendary painting. WIRELESS LOCAL MULTIPLAYER - Thanks to the new capabilities of Switch and its Joy-Con controllers, Rayman Legends Definitive Edition enables up to four players to experience wireless local multiplayer. KUNG FOOT UPDATE - Rayman Legends Definitive Edition brings new features for Kung Foot. TOUCH GAMEPLAY - Rayman Legends Definitive Edition takes full advantage of Switch and its new capabilities. Undock your Switch device and use the touchscreen to take out enemies, manipulate platforms, cut ropes to clear a path, and much more, including the ability to move rotating platforms. PLAY EVERYWHERE, ANYWHERE - Play with your friends at any time, and keep playing the game everywhere, anywhere, thanks to Switch and its new controller. CHALLENGES - Connect with friends through a variety of challenges that will test skill and speed, and check the leaderboard to see rankings around the world. RAYMAN ROCKS! - Jump to the beat of a drum, punch to the bassline, even zip-line during a guitar sustain. Timing and rhythm are the key to beating the game's maps set to music.
