Description

Featuring dual lenses for 1080p capture and a built-in stand, the HD camera works seamlessly with the PS5™ background removal tools to put you in the spotlight. Quickly create a recording or a broadcast of yourself and your gameplay, with your DualSense™ wireless controller’s create button. Capture unmissable moments 1080p capture:Capture yourself in smooth, sharp full-HD with the camera’s dual wide-angle lenses as you live out your most epic gaming moments. Quickly create a recording or a broadcast of yourself and your gameplay, with your DualSense™ wireless controller’s create button1. Built-in stand: Get the perfect shot with the HD camera’s built-in adjustable stand. Its compact design allows it to be securely positioned above or below TVs – where you can fine-tune the angle to suit your set-up. Background removal tools: Take center stage in your productions using the PlayStation®5 console’s built-in background removal tools. With the HD camera, you can add yourself to your gameplay videos while broadcasting1 in picture-in-picture mode, with the ability to crop the background or lose it completely with a green screen.
