Description

Control a real-life Mario Kart with Nintendo Switch and watch it come to life in the game! Race a real-world Mario Kart™ through your home! Use the Nintendo Switch™ system to control your kart and watch as it reacts to what’s happening in the game as you boost and drift to victory. Your in-home course comes to life on-screen with a view from right behind the driver’s seat. Turn your home into a Mario Kart course of your designPlace gates and customize courses in the real world, then see them come alive with different in-game environments like jungles and snowscapes and obstacles like Piranha Plants. Use objects from around the house to customize your courses and add challenge, then watch the game transform your home into the Mario Kart world. Zoom around the house with up to three friendsBring along some friends to race around your custom course in Custom Race or Grand Prix!* Just make sure each player has their own Nintendo Switch system, the Mario Kart Live: Home Circuit™ game and either the Mario Kart Live: Home Circuit ™ - Mario™ Set or Mario Kart Live: Home Circuit™ - Luigi™ Set The magic of augmented of reality doesn’t just mean you’ll see your course and opponents come alive on screen. Hit a boost in the game? Watch as your real-life Mario Kart speeds up. Get hit by a Green Shell? Look out, because your kart will slow down! If you’re worried about straying too far from the course (or your living room), Smart Steering will help guide you along. The races you progress through in Grand Prix mode are varied—the windy environment might push your kart to the side, while the in-game Piranha Plant gate will bite you if you pass through the wrong side. As you play, you’ll unlock more speed settings, costumes, environments and more! These can all be used when you want to create your custom course. Even Rainbow Road makes an appearance! Use your Nintendo Switch system to control a real-life Mario Kart Create a course in your home by placing gates and watch the race come to life on screen in augmented reality The kart will react as you boost, hit items and drift around the course Unlock in-game environments, gates, costumes and more as you play Up to 4 players can race around the house together (additional games, systems and karts required; sold separately)
