Description

Release Date: March 20, 2020 Developed by id Software, DOOM Eternal is the direct sequel to the award-winning and best-selling DOOM®(2016). Experience the ultimate combination of speed and power with the next leap in push-forward, first-person combat. As the DOOM Slayer, return to take your vengeance against the forces of Hell. Set to an all-new pulse pounding soundtrack composed by Mick Gordon, fight across dimensions as you slay new and classic demons with powerful new weapons and abilities. As the DOOM Slayer, you return to find Earth has suffered a demonic invasion. Raze Hell and discover the Slayer’s origins and his enduring mission to rip and tear…until it is done. Slayer Threat Level at Maximum - Gain access to the latest demon-killing tech with the DOOM Slayer’s advanced Praetor Suit, including a shoulder-mounted flamethrower and the retractable wrist-mounted DOOM Blade. Upgraded guns and mods, such as the Super Shotgun’s new distance-closing Meat Hook attachment, and abilities like the Double Dash make you faster, stronger, and more versatile than ever. Unholy Trinity - You can’t kill demons when you’re dead, and you can’t stay alive without resources. Take what you need from your enemies: Glory kill for extra health, incinerate for armor, and chainsaw demons to stock up on ammo. These tools are the key to your survival and becoming the ultimate demon-slayer. A New Class of (Destructible) Demon - Obliterate more demons than ever before, each with unique attacks and abilities. Fan-favorite classics such as the Pain Elemental, Archvile, and Arachnotron make their return, while a horde of totally-new demons join the roster including the DOOM Hunter, Marauder, and the Gladiator. Rip apart your favorite demons to the core with DOOM Eternal’s “destructible demons” system and take your power fantasy to new levels. Enter BATTLEMODE - BATTLEMODE is the new 2 versus 1 multiplayer experience built from the ground up at id Software. A fully-armed DOOM Slayer faces off against two player-controlled demons, duking it in a best-of-five round match of intense first-person combat. BATTLEMODE launches with 6 handcrafted maps and 5 playable demons – the Marauder, Archvile, Revenant, Mancubus and Pain Elemental.
