Description

Release Date: March 5, 2013 The cinematic action-adventure that forced Lara Croft to grow from an inexperienced young woman into a hardened survivor has been re-built for Xbox One and PS4, featuring an obsessively detailed Lara and a stunning lifelike world. To survive her first adventure and uncover the island's deadly secret, Lara must endure high-octane combat, customize her weapons and gear, and overcome grueling environments. A SURVIVOR IS BORN When the first ever Tomb Raider game launched in 1996, it was a revolution. With ground-breaking graphics, gameplay, and story, it changed the way that video games were played and developed forever. Fronting the cultural assault on the world was the central character, Lara Croft. She quickly became the most recognized and celebrated female action heroine in the world and an icon for the video game industry KEY FEATURES Live the critically acclaimed, cinematic action-adventure, re-built specifically for next gen consoles Survive high-octane combat, customize Lara's weapons and gear, and overcome grueling environments to uncover the island's deadly secret See Lara Croft like never before, every bead of sweat, strand of hair, and article of clothing delivered in obsessive detail Endure a stunning reimagined island, fraught with new, unforgiving storms, and alive with motion
