Description

Release Date: March 3, 2017
Number of Players: Two Players + Throw an impromptu party anywhere with anyone thanks to a new playstyle in which players look at each other—not the screen! Bring the action and fun into the real world as you face off in wild-west duels, cow-milking competitions, a copycat dance-off, and more. Each game takes advantage of the Joy-Con controller features of the Nintendo Switch system in different ways. While the action unfolds off-screen, the audience watches the players themselves instead of the screen.

FEATURES:

- Face-to-Face Play – Look at your friends rather than the screen as you compete in a new style of video game party full of fast and fun face-to-face games. Stare down your opponent in a wild-west duel, mimic your opponent's poses in a copycat dance-off, or rally for victory in a heated table tennis face-off.
- Anywhere with anyone – Bring fun and surprise to barbecues, house parties, or wherever you travel by using the built-in stand of the Nintendo Switch system. The Nintendo Switch system comes bundled with a pair of Joy-Con controllers, allowing the party to start with just one system and the game for instant multiplayer fun.
- Intuitive and simple controls using Joy-Con features – Simple rules make it easy for anyone to play and fun for everyone to watch. Each player holds a single Joy-Con, and different games use different controller features, such as motion control, HD rumble, or the IR Motion Camera.
