Description

Release Date: December 4, 2018 Journey to South America through some extreme weather in Just Cause 4 for PlayStation 4. The action-adventure game from Square Enix is the 4th entry in the popular Just Cause franchise. You'll need your wits and your skills to survive enemy attacks as you investigate a shadowy group and their secret weather-control project. FEATURES BRING THE THUNDER Soar through the skies with your wingsuit - Skydive, Base Jump and Free Dive with no limits! Fight your enemies under extreme weather conditions, including towering tornadoes and tropical lightning storms, taking the iconic Just Cause action to insane new heights. Harness extreme weather events to your advantage thanks to never before seen in-game physics. RICO'S ULTIMATE MISSION Spearhead the rebellion and defeat the Black Hand, a hi-tech private military organization. Face off against Gabriela Morales – the fiercest, most capable and unpredictable adversary yet. Uncover the mystery behind Solis and Rico's Father's past. HUGE SOUTH AMERICAN WORLD Enjoy 100 square kilometers of lush, exotic playground, from rainforest to desert, and across snowy mountain peaks. Discover a plethora of wonders as you explore the world of Solis from bustling cities to rural grasslands. CREATIVE DESTRUCTION AT ITS BEST Customize your new grapple hook with evolved and brand-new capabilities, allowing you to create your own personal stunts, destructive methods and overall play style. Experiment with a huge variety of new vehicles including military jets, helicopters, turbo-fueled sports cars, and construction vehicles.
