Description

Apple Pencil (2nd Generation) Draw, write, and mark up documents naturally on your compatible iPad. Apple Pencil (2nd generation) combines precise control with convenient magnetic charging. Features Low latency and precise input help keep sketches and handwritten notes responsive. Pressure and tilt sensitivity support varied strokes and shading. Double-tap the touch surface to switch tools without setting the Pencil down. Attach magnetically to a compatible iPad for pairing, charging, and storage. Preview your input with Apple Pencil hover on iPad Pro 12.9-inch (6th generation) and iPad Pro 11-inch (4th generation). Tech Specs Connection: Bluetooth Length: 166mm; diameter: 8.9mm Weight: 18.2g Finish: matte; flat side for magnetic attachment Compatible iPad Pro 12.9-inch: 3rd, 4th, 5th, and 6th generations Compatible iPad Pro 11-inch: 1st, 2nd, 3rd, and 4th generations Compatible iPad Air: 4th and 5th generations Compatible iPad mini: 6th generation What's in the BoxApple Pencil (2nd generation)
