Description

Google Home Speaker Bring room-filling audio and connected-home convenience to your space with the Google Home Speaker. Its compact design combines 360° sound, touch controls and a built-in Matter hub with Thread connectivity. Features Omnidirectional audio delivers balanced sound around the speaker for music and podcasts. Adaptive sound adjusts to background noise levels for clearer listening. A built-in Matter hub and Thread border router connect compatible smart-home devices. Capacitive touch controls offer convenient playback and volume adjustment. A hardware microphone mute switch gives you direct privacy control. Create speaker groups with compatible Nest speakers, Nest displays and Google Cast devices; additional devices are sold separately. Designed for Gemini for Home in supported countries and languages. Lebanon is not currently listed by Google. Gemini Live and advanced AI features require a separate Google Home Premium subscription.
