Description

Dreame Pocket High Speed Hair Dryer The Dreame Pocket High Speed Hair Dryer is a compact travel-friendly dryer designed for fast drying, flexible styling, and easier storage. With a 110,000 RPM high-speed motor, up to 70m/s airflow, 300 million negative ions, foldable multi-shape design, intelligent heat protection, and two styling attachments, it is built for users who want a lightweight dryer for home or travel. Key Features 110,000 RPM High-Speed MotorDelivers powerful airflow for fast drying. Up to 70m/s Air SpeedHelps remove moisture quickly while reducing drying time. 40-Second Fast Drying ClaimDreame states short hair can be dried in around 40 seconds under specified conditions. 300 Million Negative IonsHelps reduce frizz and support smoother, shinier-looking hair. Flexible Folding DesignCan be folded into different shapes for styling, storage, and travel. Lightweight 300g BodyEasy to hold and convenient to carry. Low Noise OperationOperates at under 60dB under Dreame’s stated conditions. Intelligent Heat ProtectionNTC thermistor and microprocessor monitor temperature up to 300 times per second. Main Feature Sections Fast Drying in a Compact SizeThe high-speed 110,000 RPM motor produces airflow up to 70m/s, giving the Pocket strong drying performance despite its compact design. Flexible Folding for Travel & StylingThe dryer can be folded into multiple shapes, making it easier to pack and allowing different holding positions during styling. Ionic Hair CareThe 300 million negative ion system is designed to help reduce static and frizz while supporting a smoother finish. Controlled Heat for Hair ProtectionAn NTC thermistor monitors temperature continuously, while the system is designed to keep heat below approximately 57°C under specified conditions. Technical Specifications Product Type: High-Speed Hair Dryer Brand: Dreame Model: Pocket Power: 600W Motor Speed: 110,000 RPM Maximum Air Speed: Up to 70m/s Weight: Approx. 300g Negative Ions: Up to 300 million Noise Level: Below 60dB Temperature Monitoring: Up to 300 times per second Temperature Control: Below approximately 57°C under specified conditions Foldable Design: Yes Styling Attachments: 2 Color: Grey Use Case: Fast drying, travel, styling, frizz control Styling Attachments Unfrizz NozzleDesigned to direct airflow for smoother styling and help reduce visible frizz. Curling BarrelSupports curl styling using directed airflow. Hair Protection The Dreame Pocket combines: NTC thermistor monitoring Microprocessor-controlled heat management Up to 300 temperature checks per second Negative ion technology Controlled airflow and temperature These features are designed to reduce unnecessary heat exposure during drying.
