Description

Braun MultiQuick 7 Hand Blender MQ 7087 X INT The Braun MultiQuick 7 MQ 7087 X INT is a powerful 1000W hand blender system designed for blending, chopping, whisking, mashing, slicing, shredding, kneading, and food preparation. With SmartSpeed control, Active PowerDrive technology, PowerBell Plus, SplashControl, and a wide set of accessories, it works as both a hand blender and a compact food processor. Key Features 1000W MotorDelivers strong performance for fast blending and food preparation. SmartSpeed ControlAdjust power simply by changing the pressure applied to the control button. Active PowerDrive TechnologyDesigned to provide faster performance when processing tougher ingredients. PowerBell PlusIncludes an additional milling blade to process larger and harder ingredients more efficiently. SplashControl TechnologyHelps reduce splashing and suction while blending. EasyClick Plus SystemAllows accessories to attach and detach quickly using larger release buttons. Extensive Accessory SetIncludes food processor, chopper, whisk, masher, cutting discs, kneading hook, chopping knife, and beaker. Main Feature Sections Powerful Everyday BlendingThe 1000W motor is designed for smooth soups, sauces, purees, dips, and tougher ingredients while maintaining a compact handheld format. Intuitive SmartSpeed ControlInstead of fixed speed buttons, SmartSpeed responds to pressure: press lightly for lower power or apply more pressure for stronger performance. Full Food Processor FunctionalityThe included 1.5L food processor expands the MQ 7087 X beyond blending, supporting slicing, shredding, julienne cutting, French fries, chopping, and kneading. Cleaner, Easier HandlingSplashControl helps reduce mess during blending, while EasyClick Plus makes switching between accessories faster.
