Description

JBL PartyLight Stick The JBL PartyLight Stick is a rechargeable 360° RGB party light designed to synchronize with compatible JBL PartyBox speakers and create a coordinated lightshow for indoor or outdoor events. With 183 RGB LEDs, app control, Bluetooth 5.3, IPX4 splash resistance, and up to 8 hours of battery life, it is built to add motion, color, and atmosphere to parties without complicated setup. Key Features 360° Light CoverageBright LEDs project effects in every direction to help fill a room or party area with synchronized light. 183 RGB LEDsCreates colorful effects ranging from subtle ambient lighting to energetic dancefloor patterns. Choreographed LightshowBuilt-in music detection synchronizes lighting effects with your music. JBL PartyBox App ControlAdjust motion, speed, intensity, and connected light effects from the app. Auracast™ PartyBox IntegrationSyncs with compatible JBL Auracast-enabled PartyBox speakers. Up to 8 Hours Battery LifeRechargeable battery supports extended wireless party use. IPX4 Splash ResistanceSuitable for indoor use and protected outdoor party environments. Main Feature Sections 360° Party LightingThe tall stick design distributes light around the unit, helping create a more immersive effect from different angles. Easy Music SynchronizationThe built-in music detection system creates synchronized lighting effects, while compatible JBL PartyBox speakers can connect for a coordinated audio-and-light experience. App-Controlled EffectsUsing the JBL PartyBox app, users can adjust lighting movement, speed, intensity, and manage multiple PartyLight Sticks. Portable Rechargeable DesignThe internal battery provides up to 8 hours of operation, so the light can be placed around a party space without remaining connected to power.
