Description

Philips 3000 Series Air Fryer 7.2L The Philips 3000 Series Air Fryer 7.2L combines a large family-size basket, RapidAir Plus technology, a cooking window, 16 cooking functions, and 12 presets for flexible everyday cooking. With 2000W power and temperatures up to 200°C, it is designed for frying, roasting, baking, grilling, reheating, dehydrating, fermenting, and more. Key Features 7.2L Large CapacitySuitable for family meals, with space for up to 1.4kg vegetables, 10 chicken drumsticks, 6 salmon portions, or 9 muffins. RapidAir Plus TechnologyUses a star-shaped airflow design to circulate hot air around food for fast and even cooking. Cooking WindowLets you check food while it cooks without opening the basket. 16 Cooking FunctionsSupports frying, roasting, baking, grilling, reheating, defrosting, dehydrating, fermenting, and more. 12 Touchscreen PresetsProvides quick access to commonly used foods and cooking modes. 2000W PowerDelivers strong heating performance for fast cooking. Easy CleaningRemovable parts feature a non-stick coating and are dishwasher safe. Main Feature Sections Fast and Even CookingRapidAir Plus circulates hot air around and through the food for more consistent cooking. Philips states meals can cook up to 30% faster under its test conditions. See Your Food While It CooksThe transparent cooking window makes it easier to monitor browning and doneness without repeatedly opening the basket. More Than Air FryingThe Airfryer supports 16 cooking methods, including fermenting, sautéing, stewing, grilling, baking, roasting, reheating, and dehydrating. Large Single BasketThe 7.2L basket is designed for larger portions while maintaining a simple single-basket format.
