Description

Marshall Middleton II Portable Bluetooth Speaker The Marshall Middleton II is a rugged portable Bluetooth speaker built for long listening sessions, outdoor use, and powerful 360° sound. With 30+ hours of playtime, True Stereophonic audio, IP67 dust and water resistance, a multidirectional control knob, built-in microphone, and power bank function, it is designed for travel, parties, and everyday portable listening. Key Features 30+ Hours of PlaytimeProvides more than a full day of wireless listening on a single charge. True Stereophonic 360° SoundDelivers multidirectional audio designed to sound strong from different positions around the speaker. IP67 Dust & Water ResistanceBuilt to handle dust, splashes, and temporary water exposure during outdoor use. Multidirectional Control KnobManage volume and music playback directly from the speaker. Built-In Power BankUse the speaker to charge a compatible phone or device while on the go. Built-In MicrophoneSupports hands-free calls without needing to pick up your phone. Main Feature Sections Long Battery Life for Portable UseWith more than 30 hours of playback, the Middleton II is designed for extended trips, gatherings, and all-day listening without frequent charging. 360° Marshall SoundTrue Stereophonic technology spreads sound in multiple directions, helping provide a more consistent listening experience around the speaker. Built for Outdoor ConditionsIts IP67 rating provides protection against dust and water, making it suitable for travel, outdoor gatherings, and more demanding environments. Useful Everyday ControlsThe multidirectional knob gives direct control over music and volume, while the built-in microphone adds convenient hands-free calling.
