Description

Dreame D30 Ultra Robot Vacuum The Dreame D30 Ultra is a high-performance robot vacuum and mop built for strong suction, edge cleaning, carpet handling, and hands-free maintenance. With up to 25,000Pa Vormax™ suction, MopExtend™ RoboSwing, 10.5mm mop lifting, a TriCut anti-tangle brush, Smart Pathfinder navigation, and a multifunctional PowerDock, it is designed for highly automated daily floor cleaning. Key Features 25,000Pa Vormax™ SuctionPowerful pickup for dust, hair, crumbs, and heavier debris. MopExtend™ RoboSwing TechnologyExtends the mop pads up to 4cm to better clean along edges, corners, and under furniture. 10.5mm Mop LiftingRaises the mops when moving onto carpets for more seamless mixed-floor cleaning. TriCut Anti-Tangle BrushDesigned to reduce hair wrapping around the main brush. Up to 100-Day Auto-EmptyingThe 3.2L dust bag reduces how often the station needs to be emptied. Automatic Mop Cleaning & DryingPowerDock handles mop washing and air drying with less manual maintenance. Self-Cleaning WashboardHelps keep the dock cleaner during repeated mop-washing cycles. Smart Pathfinder TechnologySupports intelligent navigation and efficient cleaning routes. Main Feature Sections Strong 25,000Pa Cleaning PowerPowered by Dreame’s 6th-generation TurboForce motor, the D30 Ultra provides up to 25,000Pa suction with five selectable suction levels for different floor types and debris. Better Edge and Corner CleaningMopExtend™ RoboSwing can extend the mop pads up to 1.57in / 4cm, helping the robot reach closer to walls, corners, and spaces under furniture. Automatic Carpet HandlingThe mops can lift up to 10.5mm when required, helping reduce unnecessary mop contact with carpets during mixed-floor cleaning. Hands-Free PowerDockThe multifunctional dock supports auto-emptying, mop washing, air drying, and washboard self-cleaning for a more automated cleaning routine.
