Unit price	$555.00
Available quantity	100

Description

Marshall Woburn III Bluetooth Home Speaker The Marshall Woburn III is a powerful home Bluetooth speaker built for big sound, iconic Marshall styling, and flexible wired connectivity. With Bluetooth streaming, HDMI, RCA, and 3.5mm inputs, physical controls, app-supported OTA updates, and a distinctive rock ’n’ roll design, it works equally well for music listening and improving TV audio. Key Features Powerful Marshall Home SoundDesigned for large, room-filling audio with the signature Marshall character. Easy Pair & Play SetupConnect a compatible Bluetooth device and start listening without complicated configuration. Physical ControlsBuilt-in controls let you manage your music directly from the speaker. HDMI ConnectivityConnect the Woburn III directly to a compatible TV for a more powerful viewing experience. Multiple Wired InputsSupports HDMI, RCA, and 3.5mm connections alongside Bluetooth. OTA Software UpdatesApp-based Over-the-Air updates help keep speaker software and supported features current. Iconic Marshall DesignFeatures the Marshall script, tactile brass-style controls, and classic amplifier-inspired styling. More Sustainable ConstructionPVC-free build using 70% recycled plastic and vegan materials. Main Feature Sections Built for Big Home SoundThe Woburn III is designed as a premium home speaker for users who want stronger room-filling audio than a compact portable Bluetooth speaker. Music and TV in One SpeakerBluetooth handles everyday wireless music streaming, while HDMI connectivity allows the speaker to work with a compatible television. RCA and 3.5mm inputs provide additional flexibility for other audio sources. Simple Hands-On ControlMarshall keeps important controls directly on the speaker, allowing users to adjust playback without constantly reaching for their phone. Classic Marshall StylingIts amplifier-inspired design makes the Woburn III as much a statement piece as an audio product, available in finishes such as Black or Cream.
