Description

Philips 7000 Series HV Steam Iron Blue/Yellow The Philips 7000 Series HV Steam Iron is built for powerful everyday ironing with fast heat-up, strong steam, and durable glide performance. With 3000W power, up to 55g/min continuous steam, a 250g steam boost, SteamGlide Elite soleplate, Quick Calc Release, vertical steam, drip-stop protection, and safety auto-off, it is designed to remove both everyday and stubborn creases efficiently. Key Features 3000W PowerProvides fast heat-up and powerful ironing performance. 55g/min Continuous SteamDelivers strong, consistent steam for faster crease removal. 250g Steam BoostPenetrates deeper into fabrics to tackle stubborn wrinkles. SteamGlide Elite SoleplateOffers excellent gliding with enhanced scratch resistance. Quick Calc ReleaseHelps remove limescale and maintain long-term steam performance. 300ml Water TankSupports longer ironing sessions with fewer refills. Vertical SteamRefresh hanging garments and curtains without an ironing board. Automatic Shut-OffAdds safety when the iron is left unattended. Main Feature Sections Powerful Steam PerformanceWith up to 55g/min continuous steam and a 250g boost, the Philips 7000 Series is designed for fast crease removal across different fabric types. SteamGlide Elite SoleplatePhilips' premium SteamGlide Elite soleplate provides smooth movement over garments while offering strong scratch resistance and durability. Easy Temperature & Steam ControlThe elevated temperature dial and variable steam settings let users manually select the right combination for each garment. Long-Lasting PerformanceQuick Calc Release helps remove calcium buildup, supporting consistent steam output over time.
