Description

Philips 2000 Series Airfryer 4.2L NA220 The Philips 2000 Series Airfryer NA220 is designed for quick, convenient everyday cooking with less added oil. With a 4.2L capacity, 1500W power, RapidAir technology, cooking window, digital touchscreen, 9 presets, 13 cooking methods, 60–200°C temperature control, and dishwasher-safe non-stick parts, it is a practical choice for fries, chicken, vegetables, reheating, baking, grilling, and more. Key Features 4.2L CapacitySuitable for everyday meals and smaller family portions. 1500W PowerProvides strong cooking performance for fast daily use. RapidAir TechnologyUses a starfish-shaped airflow design to help cook food crispy outside and tender inside. Cooking WindowLets you check food progress without opening the basket. 9 Preset FunctionsIncludes frozen fries, fresh fries, chicken drumsticks, meat, fish, breakfast, vegetables, cake, and keep warm. 13 Cooking MethodsSupports air frying, roasting, grilling, baking, reheating, defrosting, dehydrating, and more. Digital TouchscreenMakes time, temperature, and preset selection easier. No Preheating RequiredInstant-on design helps reduce waiting time. Dishwasher-Safe StarPlateHelps make cleanup quicker and easier. Main Feature Sections Crispy Results with RapidAir TechnologyThe Philips NA220 uses RapidAir technology to circulate hot air efficiently around food. This helps create a crispy exterior while keeping food tender inside with little or no added oil. Cooking Window for Better ControlThe built-in viewing window allows users to monitor cooking progress without repeatedly opening the basket, helping maintain heat and reduce guesswork. 13 Ways to CookBeyond air frying, the NA220 can roast, grill, bake, reheat, defrost, dehydrate, toast, stir-fry, sauté, and keep food warm, giving it more flexibility for everyday meals. Compact 4.2L SizeThe 4.2L pan is suitable for smaller kitchens while still offering enough space for up to around 500g of fries, 6 chicken drumsticks, or 600g of vegetables. Technical Specifications Product Type: Airfryer Brand: Philips Series: 2000 Series Model: NA220 Capacity: 4.2L Power: 1500W Voltage: 220–240V Frequency: 50Hz Technology: RapidAir Interface: Digital touchscreen Preset Functions: 9 Cooking Methods: 13 Temperature Range: 60–200°C Time Control: Up to 60 minutes Instant On / No Preheat: Yes Cooking Window: Yes Keep Warm: Yes Automatic Shut-Off: Yes Cool-Touch Handles: Yes Cool-Wall Exterior: Yes Non-Stick Coating: Yes BPA-Free Inner Coating: Yes Dishwasher-Safe Parts: Yes Non-Slip Feet: Yes Integrated Cord Storage: Yes Cord Length: 0.8m Color: Black Product Dimensions: 368 × 273 × 293mm Product Weight: 4.45kg Made In: China Cooking Capacity Fries: Up to approx. 500g Chicken Drumsticks: Up to approx. 6 pieces Vegetables: Up to approx. 600g Pan Capacity: 4.2L Actual capacity depends on food size, shape, and spacing needed for proper airflow.
