Description

Philips Daily Collection Blender HR2141 The Philips Daily Collection Blender HR2141 is designed for everyday smoothies, drinks, sauces, ice crushing, grinding, and food preparation. With a 550W motor, 2L BPA-free plastic jar, 1.5L working capacity, 2 speeds plus pulse, ProBlend technology, dedicated ice and auto-clean function, and included 4-blade mill, it is a versatile blender for daily family use. Key Features 550W MotorProvides reliable everyday blending while balancing performance and energy use. 2L Family-Size JarLarge SAN plastic jar with a 1.5L working capacity. ProBlend TechnologyUses a specially designed blade system for smoother and more consistent blending. 2 Speeds + PulseChoose low or high speed depending on soft or harder ingredients. Ice Crushing FunctionDedicated setting helps crush ice for cold drinks and smoothies. Auto-Clean FunctionMakes routine cleaning easier after blending. 4-Blade Mill IncludedDesigned for grinding coffee, nuts, herbs, and spices. BPA-Free MaterialsMade with BPA-free materials for everyday food preparation. Main Feature Sections Smooth Blending with ProBlend TechnologyThe HR2141 uses Philips ProBlend technology to cut and mix ingredients efficiently for smoothies, shakes, sauces, and other everyday recipes. Large 2L Jar for Family UseThe large jar provides a 1.5L usable capacity, making it suitable for preparing multiple servings in one blending session. Ice Crushing and Auto-CleanA dedicated control supports ice crushing and can also be used for auto-cleaning, giving users more convenience from one appliance. Grind More with the Included MillThe included 4-blade mill can process smaller dry ingredients such as coffee beans, nuts, herbs, and spices. Technical Specifications Product Type: Blender Brand: Philips Series: Daily Collection Model: HR2141 Power: 550W Voltage: 220V Speed Settings: 2 + Pulse Technology: ProBlend Jar Capacity: 2L Working Capacity: 1.5L Jar Material: SAN Plastic Main Body Material: Plastic BPA-Free: Yes Ice Crushing: Yes Auto-Clean Function: Yes Mill Included: Yes Mill Blade: 4-blade design Non-Slip Feet: Yes Removable Lid: Yes Color: White Made In: Brazil Blending Functions Smoothies Milkshakes Sauces Purées Cold drinks Ice crushing Mayonnaise preparation Grinding coffee Grinding nuts Grinding herbs and spices Mayonnaise Function The lid includes a dedicated opening that allows oil to be poured gradually while blending, making it easier to prepare mayonnaise and similar emulsified recipes. Cleaning & Maintenance Most removable parts are dishwasher safe, except for the main motor unit and blade assembly. The dedicated auto-clean function also helps simplify cleaning between uses.
