Description

Philips Pedestal Fan 2000 Series CX2550 The Philips 2000 Series Pedestal Fan CX2550 combines powerful airflow with quiet operation and a modern 2-in-1 design. With 2562 m³/h airflow, SilentWings blade technology, noise as low as 19 dB(A), 3 speeds, Natural and Sleep modes, 90° oscillation, 30° vertical tilt, and a timer up to 12 hours, it is designed for bedrooms, living rooms, offices, and larger indoor spaces. Key Features Powerful 2562 m³/h AirflowDelivers strong air circulation for larger rooms. Ultra-Quiet from 19 dB(A)SilentWings technology helps reduce fan noise for more comfortable use. Long-Range Airflow up to 30mDesigned to provide noticeable airflow across larger indoor spaces. 3 Speed SettingsChoose between gentle and stronger airflow depending on your comfort. Natural Breeze ModeAutomatically varies fan speed to create a more natural-feeling breeze. Quiet Sleep ModeGradually lowers airflow for quieter overnight cooling. Up to 12-Hour TimerSchedule fan operation according to your daily or nighttime routine. 90° Automatic OscillationHelps spread airflow across a wider area. 30° Vertical TiltDirect airflow upward or downward depending on room layout. 2-in-1 DesignCan be configured for pedestal-height or shorter table-style use. Main Feature Sections Quiet Cooling with SilentWings TechnologyThe CX2550 is engineered for quieter airflow, reaching noise levels as low as 19 dB(A). It is suitable for bedrooms, study areas, offices, and other spaces where lower fan noise is preferred. Powerful Airflow for Larger RoomsWith airflow up to 2562 m³/h and a claimed reach of up to 30 meters, the fan is designed to circulate air effectively throughout larger indoor spaces. Natural and Sleep ModesNatural Breeze mode automatically varies airflow intensity, while Sleep mode gradually reduces fan speed for more comfortable nighttime use. Wide Air DistributionAutomatic 90° horizontal oscillation and 30° vertical tilt help direct airflow across different areas of the room.
