Product specification sheet

Product	Philips CX3550 3000 Series Pedestal Fan
SKU	cm-CX3550
Brand	Philips
Category	Home Appliances
Minimum order quantity	1
Unit	—
Unit price	$170.00
Available quantity	100

Description

Philips Pedestal Fan 3000 Series CX3550 The Philips 3000 Series Pedestal Fan CX3550 combines powerful room cooling with ultra-quiet operation and smart control. With 2562 m³/h airflow, SilentWings blade technology, noise as low as 19 dB(A), 3 speeds, Natural and Sleep modes, 90° oscillation, 30° vertical tilt, and Philips Air+ app control, it is designed for bedrooms, living rooms, offices, and larger indoor spaces. Key Features Powerful 2562 m³/h AirflowDelivers strong airflow for faster room circulation. Ultra-Quiet from 19 dB(A)SilentWings technology helps reduce operational noise for more comfortable use. Long-Range Airflow up to 30mDesigned to move air across larger indoor spaces. 3 Speed SettingsChoose between gentle and stronger airflow depending on your comfort. Natural Breeze ModeAutomatically varies airflow intensity to simulate a more natural breeze. Quiet Sleep ModeGradually lowers fan speed for more comfortable overnight cooling. Air+ App ControlAdjust settings and schedules directly from a compatible smartphone. 90° Automatic OscillationHelps distribute airflow across a wider area. 30° Vertical TiltDirect airflow upward or downward depending on room layout. 2-in-1 DesignCan be configured as a pedestal fan or shorter table-style fan. Main Feature Sections Quiet Cooling with SilentWings TechnologyThe CX3550 is engineered for quieter airflow, reaching noise levels as low as 19 dB(A). This makes it particularly suitable for bedrooms, offices, reading areas, and nighttime use. Powerful Airflow for Larger RoomsWith airflow up to 2562 m³/h and a claimed reach of up to 30 meters, the fan is designed to circulate air effectively across larger indoor spaces. Smart Control from Your PhoneThrough the Philips Air+ app, users can change fan settings, create schedules, and control operation remotely without searching for a separate remote control. Wide Air DistributionAutomatic 90° horizontal oscillation combined with 30° vertical tilt helps direct airflow throughout different parts of the room. Technical Specifications Product Type: Pedestal Fan Brand: Philips Series: 3000 Series Model: CX3550 Technology: SilentWings Fan Airflow: 2562 m³/h Maximum Airflow Reach: Up to 30m Head Diameter: 40cm Speed Settings: 3 Modes: Natural, Sleep Oscillation: 90° Vertical Tilt: 30° Minimum Sound Level: 19 dB(A) Maximum Sound Level: 46 dB(A) Maximum Power: 50W Standby Consumption: <2W App Control: Philips Air+ Internet Connectivity: Yes Voice Control: Supported Scheduler: Available through app Timer: Yes Cord Length: 1.8m Voltage: 220–240V Frequency: 50/60Hz Color: Black / Silver Primary Material: Plastic Product Dimensions: 40 × 37.2 × 125cm Product Weight: 6kg Produced In: China Smart Cooling Modes Normal Speed ControlChoose from 3 fan speeds depending on the airflow level you need. Natural Breeze ModeAirflow automatically varies between stronger and softer levels to create a more natural-feeling breeze. Sleep ModeGradually reduces fan speed to help maintain comfort while limiting noise during sleep. Smart App Features Using the Philips Air+ app, compatible users can: Adjust fan settings Change speed and operating mode Create cooling schedules Control the fan remotely Manage supported smart features App and voice features require compatible connectivity and setup. Best Use Cases Bedroom cooling Living rooms Larger indoor spaces Home offices Nighttime cooling Quiet work or study areas Smart home setups Users who want app-controlled airflow Users looking for a modern pedestal fan Energy Efficiency The CX3550 uses a maximum of approximately 50W, making it significantly less power-intensive than air-conditioning systems. Using a fan together with air conditioning may also help users remain comfortable at a higher AC thermostat setting. Actual energy savings depend on climate, AC system, room conditions, fan usage, and electricity rates. Compatibility Suitable for 220–240V electrical systems Philips Air+ app required for smartphone control Smart and voice-control features require compatible network and device setup Designed primarily for indoor residential use.
