SKU	cm-T211A310
Brand	Eufy
Category	Home Appliances
Minimum order quantity	1
Unit	—
Unit price	\$799.00
Available quantity	100

Description

eufy Robot Vacuum Omni C28 The eufy Robot Vacuum Omni C28 is designed for busy households, pet owners and anyone who wants automated vacuuming and mopping across everyday hard floors and carpets. Its strongest advantage is the combined cleaning system: 15,000Pa suction, a continuously refreshed HydroJet roller mop and an Omni Station that automates several routine maintenance tasks. Key Features 15,000Pa suction for dust, debris and pet hair HydroJet self-cleaning roller mop with 1kg downward pressure and 270RPM operation DuoSpiral detangling brush system designed to reduce hair wrapping Five-in-one Omni Station for dust emptying, mop washing, water refilling, hot-air drying and wastewater collection iPath 2.0 smart navigation with obstacle avoidance App control with custom cleaning settings and multi-floor map support Main Feature Sections Continuously refreshed mopping: The HydroJet roller is cleaned while the robot works, helping reduce the transfer of dirty water across the floor. High-power vacuuming: Up to 15,000Pa suction targets fine dust, crumbs and hair on common household surfaces. Reduced brush maintenance: DuoSpiral brushes guide hair into the airflow to limit tangles around the roller. Automated station care: The Omni Station handles dust collection, mop cleaning, water management and hot-air drying between cleaning sessions. Technical Specifications Model: T211A310 Cleaning type: Vacuum and mop Maximum suction: 15,000Pa Mop type: HydroJet self-cleaning roller mop Mop pressure: 1kg Mop speed: 270RPM Main brush: DuoSpiral detangling brushes Navigation: iPath 2.0 laser navigation Saved maps: Up to five Connectivity eufy Clean app control Compatible with Amazon Alexa and Google Assistant
