Description

Philips Essential Care Hair Dryer BHC010 The Philips Essential Care BHC010 Hair Dryer is designed for users who want a compact, easy-to-carry dryer for gentle daily hair drying. With 1200W power, ThermoProtect temperature setting, cool air setting, 3 pre-selected heat and speed settings, foldable handle, concentrator nozzle, storage hook, and lightweight compact design, it is a practical hair dryer for home use, travel, gym bags, and everyday styling. Key Features 1200W Gentle Drying PowerProvides practical airflow and drying performance for everyday hair care. ThermoProtect Temperature SettingHelps dry hair quickly while reducing overheating for better daily protection. Cool Air SettingSuitable for fine, dry, or damaged hair and useful during hot weather. 3 Drying SettingsIncludes cool, caring, and quick drying options for different needs. Foldable HandleMakes the dryer easier to store and carry while traveling. Compact Ergonomic DesignLightweight and easy to handle for daily use. Concentrator Nozzle IncludedFocuses airflow for more controlled drying and styling. Storage HookAllows convenient hanging storage after use. Main Feature Sections Compact Dryer for Daily UseThe Philips BHC010 is made for users who want a simple and portable dryer that is easy to handle, store, and carry. Its compact body and foldable handle make it suitable for small bathrooms, travel bags, and daily hair care. Gentle Drying with ThermoProtectThe ThermoProtect setting balances airflow and heat to help dry hair efficiently without excessive temperature exposure, supporting healthier-looking results. Flexible Heat and Speed SettingsWith 3 pre-selected drying settings, users can choose between cool, caring, or quick drying depending on hair type, time, and comfort. Focused Airflow for Better StylingThe included nozzle concentrates airflow to help smooth and direct hair while drying.
