Description

Hoco N75 High Power 3-Port Fast Charger Set The Hoco N75 High Power 3-Port Fast Charger Set is designed for users who need one compact charger for phones, tablets, earbuds, power banks, and USB-C accessories. With 2 Type-C ports, 1 USB-A port, up to 65W output from Type-C1, European plug, flame-retardant PC material, and a 1m Type-C to Type-C 60W cable included, it is a practical charging set for home, office, and travel use. Key Features 3-Port Charger DesignIncludes 2 USB-C ports and 1 USB-A port for charging multiple devices. 65W Type-C1 OutputType-C1 supports up to 65W with PD, QC, FCP, and AFC protocols. 20W Type-C2 OutputType-C2 supports up to 20W for phones and compatible accessories. 18W USB-A OutputUSB-A port supports up to 18W charging. Type-C1 + Type-C2 OutputCombined Type-C1 and Type-C2 use supports up to 65W. 60W USB-C Cable IncludedComes with a 1m Type-C to Type-C fast charging cable. European Standard PlugSuitable for EU wall sockets. Flame-Retardant PC MaterialBuilt with safer daily-use housing material. Main Feature Sections High-Power Charging for Daily DevicesThe Hoco N75 is made for users who want one charger for several devices. The 65W Type-C1 output makes it suitable for supported phones, tablets, power banks, and some USB-C laptops depending on power requirements. Three Ports for More FlexibilityWith 2 USB-C ports and 1 USB-A port, users can charge newer USB-C devices and older USB-A cable devices from one charger. Ready-to-Use Cable SetThe included 1m Type-C to Type-C 60W cable makes the package more useful because customers do not need to buy a compatible USB-C cable separately. Fast Charging Protocol SupportType-C1 and Type-C2 support PD, QC, FCP, and AFC protocols, helping compatible devices charge at better speeds.
