Description

Hoco GH3 360 Degree Rotating Mobile Phone Ring The Hoco GH3 360 Degree Rotating Mobile Phone Ring is designed for users who want a slim magnetic phone ring that works as a grip and stand. With ABS + zinc alloy material, N52 magnet, electroplated finish, 360-degree rotation, 60mm diameter, 4.1mm slim thickness, and 30g weight, it is a practical phone accessory for holding, watching videos, video calls, and everyday phone support. Key Features 360-Degree RotationAllows flexible angle adjustment for grip and stand use. Magnetic Phone Ring DesignWorks with Apple 12 series and newer magnetic-compatible phones. Wide Phone CompatibilityCan be used with most phones when paired with a magnetic ring. N52 MagnetProvides strong magnetic attachment for compatible setups. Stable Stand FunctionHelps support the phone for video watching, calls, and desk use. Slim 4.1mm DesignKeeps the accessory compact without adding too much thickness. Durable Material BuildMade from ABS, zinc alloy, and magnet for daily use. Electroplated FinishGives the ring a cleaner, more durable surface appearance. Main Feature Sections Phone Grip and Stand in OneThe Hoco GH3 helps users hold the phone more securely and also works as a stand for hands-free viewing on a desk or table. 360° Flexible RotationThe rotating design makes it easier to adjust the viewing angle for vertical or horizontal phone use. Magnetic CompatibilityIt is suitable for Apple 12 series and newer models with magnetic support. For other phones, a magnetic ring is required for proper use. Slim and Durable DesignAt 60mm diameter, 4.1mm thickness, and 30g weight, the GH3 is compact while still offering a stable and wear-resistant stand design. Technical Specifications Product Type: Magnetic Mobile Phone Ring / Phone Stand Brand: Hoco Model: GH3 Rotation: 360 degrees Magnet: N52 Material: ABS + zinc alloy + magnet Process: Electroplating Size: 60mm diameter × 4.1mm thickness Weight: 30g Compatibility: Apple 12 series and newer magnetic-compatible phones Other Phone Support: Compatible with most phones when used with a magnetic ring Use Case: Phone grip, phone stand, video watching, video calls, desk support, and daily phone handling Best Use Cases Holding the phone more securely Watching videos hands-free Video calls Desk phone stand use Horizontal or vertical viewing Magnetic phone setups Users with Apple 12 series or newer devices Users who want a slim phone ring stand Compatibility Works directly with Apple 12 series and newer magnetic-compatible phones For non-magnetic phones, use with a magnetic ring Magnetic strength depends on phone model, case type, magnetic ring quality, surface condition, and correct alignment.
