Description

Noise Master Buds with Sound by Bose Short Strategic Positioning Paragraph The Noise Master Buds with Sound by Bose are designed for users who want stronger audio tuning, active noise cancellation, long battery life, and practical everyday features in one compact pair of earbuds. With adaptive ANC up to 49dB, dual device pairing, low latency, fast charging, and app-based customization, they are a strong choice for music, calls, work, travel, and daily listening. Key Features Sound by BoseTuned by experts to deliver a more refined and balanced listening experience. Adaptive ANC up to 49dBHelps reduce background noise across different environments, from quiet spaces to louder surroundings. Transparency ModeLets outside sound in when you need to stay aware of your surroundings. 12.4mm Dynamic DriversPEEK + Titanium drivers are designed to deliver balanced sound with reduced distortion. LHDC Audio SupportSupports high-bitrate playback up to 900kbits/s for more accurate audio on compatible devices. Dual Device PairingConnect to two devices and switch more easily between work, calls, and entertainment. Low Latency ModeHelps reduce audio delay during gaming and video watching. Instacharge™ Fast ChargingA 10-minute charge provides up to 6 hours of playtime. Up to 44 Hours PlaytimeLong battery life for daily use, travel, and extended listening sessions. Hands-Free CallingBuilt-in calling support for everyday conversations. Voice Assistant SupportWorks with Siri and Google Assistant. Noise Audio App SupportCustomize touch controls, adjust EQ levels, and switch between ANC and Transparency modes. IPX5 Water ResistanceHelps protect against sweat and light water exposure during daily use or workouts.
