Description

PlayStation PULSE Explore Wireless Earbuds Step into detailed game audio at home or on the go with compact wireless earbuds created for the PlayStation ecosystem. PULSE Explore combines studio-inspired planar magnetic drivers with PlayStation Link and Bluetooth connectivity, while the included charging case keeps the earbuds ready between sessions.

Key Features

- Planar magnetic drivers reproduce rich detail and deep, clear bass
- Low-latency, lossless PlayStation Link wireless audio
- Bluetooth connectivity for compatible phones and tablets
- Simultaneous audio from one PlayStation Link device and one Bluetooth device
- Two hidden microphones with AI-enhanced noise rejection
- Easy-access volume controls on the earbuds
- Battery Earbuds: up to 5 hours per charge
- Charging case: up to 10 additional hours

Connectivity & Compatibility

- PS5 consoles, PC and Mac through the included PlayStation Link USB adapter
- Direct PlayStation Link connection with PlayStation Portal remote player
- Bluetooth connection with compatible mobile phones and tablets
