Description

Hoco HX14 Desktop Lamp The Hoco HX14 Desktop Lamp is designed for users who need a compact rechargeable desk light for reading, studying, working, bedside use, and everyday desktop lighting. With 5W light source power, 3 color temperature modes, stepless dimming, soft flicker-free light, brightness memory, flexible multi-angle rod adjustment, touch control, phone stand function, 2 × 800mAh battery, Type-C charging, and direct cable-powered use, it is a practical lamp for desks, bedrooms, offices, study areas, and small workspaces. Key Features 5W Desktop LampProvides practical lighting for reading, studying, desk work, and daily use. 3 Color Temperature ModesSupports white light, warm yellow light, and natural light for different lighting needs. 3000K / 4500K / 6500K LightingOffers warm, natural, and cool lighting options depending on the environment and task. Stepless DimmingAllows smooth brightness adjustment by pressing and holding the touch control. Soft Flicker-Free LightDesigned for comfortable lighting during reading, studying, and screen-side use. Brightness MemoryRemembers the previous brightness setting for easier repeated use. Touch ControlTap to change color temperature and press-and-hold to adjust brightness. Flexible Rod AdjustmentMulti-angle flexible rod allows users to position the light where needed. Phone Stand FunctionCan also be used as a phone stand on the desktop. Rechargeable Battery DesignBuilt with 2 × 800mAh batteries for up to 3 hours of use in battery mode. Type-C ChargingCharges through Type-C input in approximately 2.5 hours. Cable-Powered UseCan be used while connected directly to a power source through the cable. Main Feature Sections Comfortable Desk LightingThe Hoco HX14 provides soft, flicker-free lighting for daily tasks such as reading, studying, writing, laptop work, and bedside use. The 5W light source offers practical brightness for small workspaces. Three Lighting Modes for Different NeedsUsers can switch between warm yellow light, natural light, and white light depending on the situation. Warm light is useful for relaxed evening use, natural light works well for daily desk tasks, and white light is better for clearer focus. Stepless Brightness ControlInstead of fixed brightness steps, the HX14 supports stepless dimming. Tap the touch control to change color temperature and press-and-hold to adjust brightness smoothly. Flexible Multi-Angle DesignThe flexible rod allows users to adjust the lamp angle easily, making it more practical for reading, study desks, bedside tables, and focused lighting. Rechargeable and Cable-Powered UseThe built-in 2 × 800mAh battery provides up to 3 hours of use in battery mode. The lamp can also be used while connected to a power source, making it suitable for longer desk sessions.
