Product	Hoco N71 PD30W QC3.0 Charger
SKU	cm-N71-set-white
Brand	Hoco
Category	Accessories
Minimum order quantity	1
Unit	—
Unit price	$12.00
Available quantity	100

Description

Hoco N71 PD30W+QC3.0 Dual Port Fast Charger Set C To C The Hoco N71 PD30W+QC3.0 Dual Port Fast Charger Set is designed for users who need a compact EU wall charger with both USB-C and USB-A fast charging support. With 30W USB-C output, 18W USB-A output, PD / QC / FCP / AFC protocol support, flame-retardant PC material, European standard pins, and a 1m USB-C to USB-C 60W fast charging cable included, it is a practical charger set for phones, tablets, earbuds, power banks, and daily USB charging needs. Key Features 30W USB-C Fast ChargingThe USB-C port supports up to 30W output with PD, QC, FCP, and AFC fast charging protocols. QC3.0 Fast Charging SupportSupports QC fast charging on compatible devices, helping reduce charging time compared to basic chargers. 18W USB-A OutputThe USB-A port supports up to 18W output with QC, FCP, and AFC protocol support. Dual Port DesignIncludes both USB-C and USB-A ports, allowing users to charge newer and older devices with one charger. USB-C + USB-A Shared OutputWhen both ports are used together, total output is 5V / 3A. 1m C To C Cable IncludedComes with a 1-meter USB-C to USB-C cable supporting up to 60W fast charging. EU Plug DesignEuropean standard pins make it suitable for EU-style wall sockets. Flame-Retardant PC MaterialBuilt with flame-retardant PC material for safer daily charging use. Compact Wall Charger SizeThe 84 × 38 × 27mm body is easy to use at home, office, travel, or inside a charging kit. Main Feature Sections Fast Charging for USB-C DevicesThe Hoco N71 supports up to 30W output through the USB-C port, making it suitable for charging compatible smartphones, tablets, power banks, earbuds, and other USB-C devices. USB-A Port for Extra Charging FlexibilityThe USB-A port supports up to 18W output, making it useful for older cables, accessories, and devices that still use USB-A charging. Dual-Port Daily ConvenienceWith both USB-C and USB-A outputs, users can charge two devices from one wall adapter. This makes it practical for phone and accessory charging, especially at home or on an office desk. Fast Charging Cable IncludedThe included 1m USB-C to USB-C 60W cable adds strong value because customers get both the charger and a fast charging cable in one package. Safe and Compact BuildThe flame-retardant PC body and compact EU plug design make the Hoco N71 a practical charger for daily use, travel bags, bedrooms, offices, and replacement charging setups. Technical Specifications Product Type: Dual Port Fast Charger Set Brand: Hoco Model: N71 Plug Type: European standard pins / EU plug Material: Flame-retardant PC material USB-C Output: Up to 30W USB-C Protocol Support: PD / QC / FCP / AFC USB-A Output: Up to 18W USB-A Protocol Support: QC / FCP / AFC Dual-Port Output: USB-C + USB-A = 5V / 3A Included Cable: 1m USB-C to USB-C 60W fast charging cable Charger Size: 84 × 38 × 27mm Use Case: Smartphone charging, tablet charging, power bank charging, earbuds charging, accessory charging, home use, office use, and travel charging Charging Output USB-C Single-Port Output: Up to 30W USB-A Single-Port Output: Up to 18W USB-C + USB-A Output: 5V / 3A Charging speed depends on the connected device, battery level, cable quality, temperature, and whether the device supports the same fast charging protocol. Included Cable Cable Type: USB-C to USB-C Cable Length: 1m Cable Power Support: Up to 60W The included C to C cable is suitable for USB-C devices and gives customers a complete charging set without needing to buy a separate cable. Best Use Cases Charging smartphones Charging tablets Charging power banks Charging earbuds Charging USB-C accessories Charging USB-A accessories Home charging setup Office desk charging Travel charging Users who need an EU plug charger Users who want charger + cable in one package Users who need both USB-C and USB-A ports Compatibility Compatible with USB-C and USB-A charging devices USB-C fast charging works best with devices that support PD, QC, FCP, or AFC charging USB-A fast charging works best with devices that support QC, FCP, or AFC charging EU plug is suitable for European-style wall sockets Devices that do not support fast charging will charge at their standard supported speed. What’s in the Box Hoco N71 PD30W+QC3.0 Dual Port Fast Charger × 1 USB-C to USB-C 60W Fast Charging Cable, 1m × 1
