Product specification sheet

Product	Hoco Portable Fan HX609 Clip-On
SKU	cm-HX609
Brand	Hoco
Category	Home Appliances
Minimum order quantity	1
Unit	—
Unit price	$18.00
Available quantity	100

Description

Hoco HX609 Clip-On Portable Fan The Hoco HX609 Clip-On Portable Fan is designed for users who need flexible cooling indoors, outdoors, during sports, travel, cycling, desk work, or daily movement. With clip-on use, neck-wearable support using the included lanyard, handheld use, tabletop placement, 100 airflow levels, up to 12000rpm rotation speed, 10.5m/s airflow speed, LED digital display, 3600mAh battery, Type-C charging, and up to 9.5 hours of use, it is a practical compact fan for hot weather and active lifestyles. Key Features Portable Clip-On FanCan be clipped to a belt, bag, clothing, or suitable surface for hands-free cooling. Neck-Wearable UseIncludes a long lanyard so the fan can be worn around the neck during walking, commuting, or outdoor use. Multiple Mounting OptionsSupports handheld use, tabletop placement, belt clip use, neck-wearable use, and cycling use when mounted safely. 100 Airflow LevelsAllows precise airflow adjustment from low to strong cooling. Up to 12000rpm Rotation SpeedHigh-speed motor provides strong airflow for compact portable cooling. 10.5m/s Airflow SpeedDelivers focused airflow for personal cooling in hot environments. 9-Blade Fan DesignUses 9 × 38mm fan blades for efficient air movement. LED Digital DisplayShows airflow level, battery power level, low-battery alert, and charging status. Control Knob OperationSimple knob control for turning the fan on/off and adjusting airflow level. 3600mAh Rechargeable BatteryBuilt-in battery provides 3 to 9.5 hours of use depending on airflow setting. Type-C ChargingCharges through a Type-C port using 5V / 1.6A input. Compact 200g DesignLightweight enough for daily carrying, travel, sports, and outdoor activities. Main Feature Sections Flexible Cooling AnywhereThe Hoco HX609 can be used in several ways: clipped to your belt, worn around the neck with the lanyard, held in hand, placed on a table, or used during suitable outdoor activities. This makes it useful for work, walking, commuting, sports, travel, and hot indoor spaces. 100-Level Airflow ControlInstead of only a few fixed speeds, the HX609 offers 100 airflow levels. Users can fine-tune the cooling power by rotating the control knob clockwise to increase airflow or counterclockwise to reduce airflow. Strong Compact AirflowWith up to 12000rpm rotation speed, 10.5m/s airflow speed, and 9 fan blades, the HX609 provides strong personal airflow while staying compact and portable. Smart LED DisplayThe LED digital display shows the airflow level and battery power level clearly. It also displays charging status and gives a low-battery alert at 10%, helping users manage power during daily use. Long Battery for Indoor and Outdoor UseThe 3600mAh battery provides 3 to 9.5 hours of usage depending on airflow level, making it suitable for short outdoor trips, sports sessions, desk use, commuting, and travel. Technical Specifications Product Type: Portable Clip-On Fan Brand: Hoco Model: HX609 Fan Blades: 9 × 38mm blades Airflow Levels: 100 levels Rotation Speed: Up to 12000rpm Airflow Speed: 10.5m/s Airflow Noise: 70dB Power: 4.5W Control: 1 control knob Display: LED digital display Display Indicators: Airflow level, battery power level, low-battery alert, charging status Low-Battery Alert: At 10% Battery Capacity: 3600mAh Use Time: 3–9.5 hours Charging Time: Approx. 4 hours 20 minutes Charging Input: 5V / 1.6A Charging Port: Type-C Material: ABS + stainless steel + zinc alloy + electronic components Accessories: Long lanyard and Type-C charging cable Dimensions: 185 × 50 × 56mm Weight: 200g Use Case: Neck fan, clip-on fan, handheld fan, desk fan, sports cooling, travel cooling, cycling use, indoor and outdoor personal cooling Battery Life & Charging Battery Capacity: 3600mAh Use Time: 3–9.5 hours Charging Time: Approx. 4 hours 20 minutes Charging Input: 5V / 1.6A Charging Port: Type-C Actual usage time depends on airflow level, temperature, charging condition, battery age, and how the fan is used. Airflow & Noise Airflow Levels: 100 Maximum Rotation Speed: Up to 12000rpm Airflow Speed: 10.5m/s Airflow Noise: 70dB Fan Blade Design: 9 × 38mm blades At higher airflow levels, the fan will be stronger but also louder and will use more battery. Control & Display Power On: Press and hold the control knob for 1.5 seconds Increase Airflow: Rotate the knob clockwise Decrease Airflow: Rotate the knob counterclockwise Power Off: Press and hold the control knob for 1.5 seconds Display Information: Airflow level, battery level, low-battery alert, and charging status The single-knob control makes the fan easy to operate while keeping the design simple. Best Use Cases Hot weather daily use Walking and commuting Sports and outdoor activities Desk and office cooling Travel and vacation use Indoor home cooling Belt clip use during movement Neck-wearable cooling Handheld fan use Tabletop fan use Cycling use when mounted safely Backup personal fan during electricity cuts or hot indoor conditions Compatibility Charges using a Type-C cable with 5V / 1.6A input Can be used with a compatible USB power adapter, power bank, laptop USB port, or USB power source Clip use depends on the thickness and stability of the

surface Cycling or sports use should only be done when the fan is securely attached and does not block movement or visibility. What’s in the Box Hoco HX609 Clip-On Portable Fan × 1 Long Lanyard × 1 Type-C Charging Cable × 1
