Description

Beast Mega 1200 PlusPrepare smoothies, shakes, sauces and larger recipes with a full-size blender designed for powerful everyday performance.The Mega 1200 Plus combines a 1200W motor with three BPA-free Tritan vessels, including an XL 1200mL vessel for family servings and batch preparation.Key Features Powerful 1200W motor Two operating settings: pulse and blend Three blending vessels for personal and family-sized portions Grade 301 stainless-steel blade BPA-free Tritan vessels with grippy TPE overmould Drinking, carrying, straw and storage accessories Technical Specifications Model family: B12M Rated voltage: 120V Power: 1200W Dimensions: 4.92 × 4.92 × 17 inches with the 1200mL vessel attached Net weight: 6.9 lb Total vessel volume: 1200mL / 40.5 oz Blending capacity: 850mL / 28.75 oz Settings: Pulse and blend Voltage CompatibilityThis configuration is rated for 120V and must not be connected directly to a 220–240V electrical supply. Check the voltage label on the physical unit before use. A correctly rated step-down transformer is required when operating a 120V unit from a 220–240V supply; a plug adapter alone does not convert voltage.Box Contents Mega 1200W blender base and blade 1000mL vessel 1200mL blending vessel with storage lid 500mL blending vessel with storage lid Drinking lid with carry cap Straw cap and straws Cleaning brushes
