Description

Beast Mighty 850 Plus Blend smoothies, shakes and everyday recipes in a compact personal blender designed for powerful countertop performance. The Mighty 850 Plus pairs an 850W motor with three BPA-free Tritan vessels and portable drinking accessories for blending, storing and taking drinks on the go. Key Features 850W motor for personal blending Two operating settings: pulse and blend Three blending vessels for different serving sizes Grade 301 stainless-steel blade BPA-free Tritan vessels with grippy TPE overmould Portable drinking, carry, straw and storage accessories Technical Specifications Model family: B85M Rated voltage: 120V Power: 850W Dimensions: 4.13 × 4.13 × 15 inches Net weight: 4.81 lb Total vessel volume: 785mL / 26.5 oz Blending capacity: 615mL / 21 oz Settings: Pulse and blend Voltage Compatibility This configuration is rated for 120V and must not be connected directly to a 220–240V electrical supply. Check the voltage label on the physical unit before use. A correctly rated step-down transformer is required when operating a 120V unit from a 220–240V supply; a plug adapter alone does not convert voltage. Box Contents Mighty 850W blender base and blade 640mL vessel 785mL blending vessel with storage lid 415mL blending vessel with storage lid Drinking lid with carry cap Straw cap and straws Cleaning brushes
