

Product specification sheet

Product	eufy Smart Scale P2 Pro
SKU	cm-T9149121
Brand	Eufy
Category	Beauty & Health
Minimum order quantity	1
Unit	—
Unit price	\$56.00
Available quantity	100

Description

eufy Smart Scale P2 Pro The eufy Smart Scale P2 Pro is designed for users who want deeper body insights beyond standard weight tracking. With Wi-Fi and Bluetooth connectivity, 16 body measurements, heart rate tracking, body fat analysis, BMI, muscle mass, bone mass, ITO coating, IPX5 water resistance, 3D virtual body model support, unlimited users, Baby Mode, Pet Mode, and syncing with Apple Health, Google Fit, and Fitbit, it is a smart bathroom scale for fitness tracking, family health monitoring, and long-term body progress. Key Features 16 Body MeasurementsTracks weight, heart rate, body fat, BMI, muscle mass, bone mass, water, protein, BMR, visceral fat, body fat mass, lean body mass, body age, body type, skeletal muscle mass, and subcutaneous fat. Accurate Weight TrackingUltra-sensitive E-shaped sensors detect subtle weight changes with 0.05kg / 0.1lb increments. 3D Virtual Body ModelCreates a visual body progress model based on entered measurements such as height, waist, arms, and more. Wi-Fi and Bluetooth ConnectivityUploads data through the eufy app using Wi-Fi or Bluetooth for easier tracking. 2.4GHz Wi-Fi SupportSupports 2.4GHz Wi-Fi connectivity for app syncing. Third-Party App SyncingSyncs with Apple Health, Google Fit, and Fitbit to keep health data organized in one place. Unlimited UsersAllows the whole family to track personal progress separately through the app. Baby Mode and Pet ModeHelps monitor everyday growth and weight changes for babies and pets. ITO Coating TechnologyAllows users to step anywhere on the scale surface without being limited to specific metal contact points. IPX5 Waterproof RatingSuitable for bathroom storage and everyday bathroom conditions. AAA Battery PoweredUses 4 AAA batteries, included in the box. Measuring Tape IncludedComes with a measuring tape to help input body measurements for better tracking and 3D model setup. Main Feature Sections More Than a Weight ScaleThe eufy Smart Scale P2 Pro tracks 16 different body metrics, giving users a more complete view of their body progress than weight alone. This makes it useful for fitness goals, body composition tracking, and long-term health monitoring. 3D Body Progress VisualizationThe 3D virtual model feature helps users visually follow changes in their body proportions over time. By entering measurements such as height, waist, arms, and other body details, users can see progress in a more motivating way. Wi-Fi, Bluetooth, and App SyncingThe scale connects through Wi-Fi or Bluetooth and uploads data to the eufy app. It also syncs with Apple Health, Google Fit, and Fitbit, making it easier to keep fitness and health data connected across platforms. Built for the Whole FamilyWith unlimited user support, Baby Mode, and Pet Mode, the P2 Pro is practical for households that want one smart scale for multiple people and different tracking needs. Bathroom-Friendly DesignThe IPX5 waterproof rating and ITO coating make the scale practical for bathroom use, while the step-anywhere surface helps users take readings more naturally. Technical Specifications Product Type: Smart Bathroom Scale Brand: eufy Model: Smart Scale P2 Pro Connectivity: Wi-Fi and Bluetooth Wi-Fi Support: 2.4GHz only Water Resistance: IPX5 Sensor Design: Ultra-sensitive E-shaped sensors Coating Technology: ITO coating Body Model Feature: 3D virtual model Number of Measurements: 16 Supported Units: kg / lb / st Weighing Range: 0.1kg–180kg / 0.2lb–397lb / 0st 0.2lb–28st 5lb Unit Increments: 0.05kg / 0.1lb Activation Weight: 3kg / 6.6lb Product Size: 280 × 280 × 26mm Product Weight: 1.7kg Battery: 4 × AAA batteries Measuring Tape: Included Compatible OS: iOS 10.0 and above, Android 5.0 and above App Syncing: Apple Health, Google Fit, Fitbit User Support: Unlimited users Modes: Baby Mode and Pet Mode Use Case: Weight tracking, body composition tracking, fitness progress, family health tracking, baby weight monitoring, pet weight monitoring, and bathroom use Body Measurements Weight Body Fat Heart Rate BMI Muscle Mass Bone Mass Water Protein BMR Visceral Fat Body Fat Mass Lean Body Mass Body Age Body Type Skeletal Muscle Mass Subcutaneous Fat Connectivity & App Syncing Bluetooth: Supported Wi-Fi: Supported, 2.4GHz only App Upload: Supported through the eufy app Third-Party Sync: Apple Health, Google Fit, and Fitbit Data syncing depends on app setup, phone compatibility, account connection, Wi-Fi connection, Bluetooth settings, and permissions.
