Description

Mcdodo CM-624 Agile Magnetic Phone Holder Short Strategic Positioning Paragraph The Mcdodo CM-624 Agile Magnetic Phone Holder is a slim, foldable, and adjustable magnetic holder designed for customers who want a clean phone-mounting solution for the car, home, or office. With a strong magnetic grip, multi-angle adjustment, quick installation, and compact 35.5mm folded thickness, it is ideal for navigation, hands-free viewing, music control, and daily phone access without bulky mounting equipment. Key Features Ultra Strong Magnetic GripHolds the phone securely in place for stable viewing during daily use. Slim Foldable DesignFolds down neatly with only 35.5mm thickness, helping keep the setup clean and space-saving. Multi-Angle Adjustable ViewingSupports horizontal and vertical phone positioning, making it useful for navigation, calls, music, videos, or desk use. Quick-Release Base DesignEasy to install, remove, and reuse without tools, making it practical for car, home, or office setups. Interior & Exterior UseSuitable for different flat surfaces depending on installation condition and surface compatibility. Adhesive & Locking Mounting SystemDesigned with a strong adhesive surface and locking structure for a more secure hold. Wide Smartphone CompatibilityCompatible with Apple, Google, and other smartphone models when used with magnetic-compatible phones, cases, or metal/magnetic plates. Premium Material BuildMade with zinc alloy and PC/ABS for a solid, durable structure. Portable & Minimal DesignCompact enough to keep the setup clean without blocking too much dashboard or desk space. Recyclable Paper PackagingComes with packaging made from recyclable materials.
